Reading Progression Book List

The tables below show the progression of the books your child will read through. The children are carefully assessed within school to ensure they are reading a book where they are familiar with all the sounds in the text. This ensures your child will be able to read with a level of fluency that allows for them to be successful and have a good level of reading comprehension. After orange level, the children will move to books that are no longer completely phonetically decodable.
